Inner West Council is improving J F Laxton Reserve Playground

J F Laxton Reserve is a popular space for families to enjoy a BBQ, walk their dog, and children to play in the playground or run around the open park.

With so many kids in Dulwich Hill having little access to open space at home it's vital that we continue to improve the quality of public parks and recreation spaces nearby.

That's why we are investing \$500,000 to improve this much-loved space and want to ensure the final playground design represents the community who use it.

We want to hear what you have to say about how to improve J F Laxton Reserve playground for the community.
